Entry point for **INTERNSHIPS & CAREERS**

Shubhashree's key strength is **internship**. In our education, we believe in a system of entry and exit. The term "entry" refers to students being accepted to college, adaptation to college education and culture, learning and unlearning, while "exit" refers to students being placed for internships and jobs with their careers starting strong and with no lapses in between. We have helped our students secure **better** jobs in banking, business, airlines, corporates and hospitality industries.
